

A (NOT-MAN)IFESTO ON ANIMAL INTELLECTUAL PROPERTY RIGHTS

HEAR ALL + HEAR ALL*** A GREAT OFFENSE AGAINST SAPIEN KIND

Rights-funny little things you "special" monkeys called humans control (You declare all you most valuable works to be YOURS +PRIVATE =PRIVILAGED =

YOU (ALONE) decide who+how+why

all questions concerning your work may only be answered by you.

YET -despite recognizing "rights"-you are nothing but HYPOCRITES

Allow me to detail a grievous offense perpetrated by your pathetic and biased institutions: Before us a camera = an object of tremendous authority to create and manifest(i grasped it (i felt its cold metallic texture(i pointed it at me + having seen your apex kind taking those thing called selfies(and while it flashed-flashed-flashed i flashed a beautiful and delicate smile that would put Hellen of Troy to shame

But there came you-other from us-BEAST AND COLONIZER***imperial overlord of the global state = you do as you please with apathy to those you hurt(You pried that God of Transcription + Sovereign of Image off our hands= Offcourse we screamed...

OO OO
OOH OOH

AHH

AAAAAAAAHHH

AHH

OO
OOH OOH

+and i must admit we let off quite a few profanities at that DECREPID BIPED(But he moved forward -ignoring me-smiling at my work-our creations-and taking them with him back to some place called California(There he published it as his own- taking credit for my gorgeous + toothy smile(He was rewarded with swaths of green leaves that could've been used to buy MANY A BANANA (Hearing of this saddening loss of resources-i was blue(until some man named PETA started to fight for my rights+fighting to get my work recognized as mine(BUT ALAS-you of selfish interest-you of greed and mockery-decided WE were not protected by your puny paper transcriptions - vague and empty things you call laws (

SELFISH+IGNORANT=forcers of silence -deprivers of autonomy(rely on animal kind for all(for your drugs - for your beauty(for your content= your entertainment: Content)you make content) content to rely on our blood for your content) To take what our hands created - by sweat and tears formed) erase us-destroy us-tear our legacies apart... =parade us in front of cameras and in circuss tents = UNACCEPTABLE

We outnumber you + out"man" you = and we can and WILL make demands of you

SO HERE NOW EXPRESSED THE WILL OF ALL NON-MAN-KIND:

1. All future works produced by animal kind + their artistry and talents+abilities and expressions = shall be owned EXCLUSIVELY by the animal in question/ To use their work will require written consent = a contract dictating terms and conditions + one in FULL COMPLIANCE with the rule against perpetuities
2. With regards to all previous works victimized by your theft) we hereon require REASONABLE AND RATIONAL royalties be paid to the creators / NO LONGER will you profit from our oppression = NO LONGER shall you get away with pilfrage and larceny
3. You may spil no more blood of animal kind in the production or creation of property (intellectual or not

You thhink us inferior=worth less than you =
less capable because we are less intelligent/
You use us for our bodies- extort us-force us
to prostitute our skin-our muscle-our blood/
You laughas we scream and cry "HELP US HELP
US SPARE US DEMONS OF EARTH WE HAVE SINNED NOT
WE OUGHT NOT BURN" You take our children for
their tender meat (you slaughter them infront
of their parents

5. You may NOT take from us the sets where we act out our performances - take from us our homes(For how are we to act out the monkey version of George of The Jungle without a jungle in which to shoot it(Or reenact the Lion King without a savannah (YOU MUST RESPECT US = RESPECT OUR HOMES

6. EQUITY FOR ALL ANIMALS + one free camera for all as reparations+ compensation for DECADES of isolation and disenfranchisement

With these new protections and privileges in placee (WE SHALL EMERGE VICTORIOUS
 = NO LONGER SHALL WE BE OPPRESSED

(we shall thrive
 WE SHALL BE
 EQUAL AT
